

Giuseppina AUGIMERI – CV

Dr Giuseppina Augimeri is PostDoc Research Fellow in Biotechnology and Methods in Laboratory Medicine at the Department of Pharmacy, Health and Nutritional Sciences at the University of Calabria, Italy. She holds the Master Degree in Chemical and Pharmaceutical Technologies in 2016 and the PhD in Translational Medicine in 2021 at the University of Calabria. She attended as an Exchange Visitor Student in 2019-2020 and as PostDoc Researcher Fellow in 2023 at the Department of Pathology at the University of Michigan, USA. Her scientific interests are devoted to dissecting the molecular mechanisms involved in breast tumorigenesis, with the main goal to identify potential therapeutic options to overcome breast cancer chemoresistance and metastasis. She is author of more than 20 publications in peer reviewed international journals, including ten as primary author, related to subjects of translational research in oncology.
