

Cristiana DI VALENTIN – CV

Cristiana Di Valentin holds a Master degree and a PhD in Chemistry and a specialization in Materials Science. She is Full Professor of General and Inorganic Chemistry at the University of Milano Bicocca since 2018. She was visiting scientist at Princeton University, TUM, Universitat de Barcelona, and Ecole Nationale Supérieure de Paris. Her research activity spans from ab initio computational studies of semiconducting oxides and bidimensional materials for energy applications to multiscale modelling of bioinorganic nanosystems for medical applications. She is author of more than 200 publications and was granted an ERC Consolidator Grant (2016-2022).
