

Christian HAGENDORF - CV

Prof. Dr. Christian Hagendorf is head of the research group “Diagnostics and Metrology of Solar Cells” at Fraunhofer Center for Silicon Photovoltaics CSP, Germany and professor at Anhalt University of Applied Science. He obtained his PhD at Martin-Luther-University Halle-Wittenberg, Germany in the field of surface and interface analysis of semiconductor materials. Joining Fraunhofer CSP in 2007 and established a research group focussed on defect diagnostics and metrology in photovoltaics and photoelectrochemical water splitting.
