

Layla MARTIN SAMOS - CV

Dr. Layla Martin-Samos is a researcher from the Italian National Research Council (CNR-IOM) leading a group of four postdocs. After a PhD in Computational Material Science in Paris (2004), she moved to the INFM-S3 center in Modena (Italy). From 2009 to 2012, she worked as development scientist for Quantum ESPRESSO. In 2012 she became assistant Professor at the University of Nova Gorica (Slovenia). Her research interests go from software development, refactoring and optimisation to connection between theory and experiments, including multi-scaling and methodological developments.
