

Stefano RAMPINO – CV

Dr. Stefano Rampino (ORCID: 0000-0001-9185-5925) currently works as Permanent Researcher at the Institute of Materials for Electronics and Magnetism (IMEM) of Italian National Research Council (CNR). He received his PhD. In Material Science from the University of Parma in 2007. He has close to 60 refereed publications and 6 International patents. The activity research is based on the fabrication of thin-film solar cells and the design and characterization of novel building- and product-integrated photovoltaic systems.
